III. Development of the Story 47

- Rising Action — Lower Classes
- Climax — Seniors
- Falling Action — Aftermath

IV. Authors of the Story 75

This is the story of Valparaiso High School . . . in the year 1952 . . . its growth and development . . . its enthusiasm . . . its joys and pleasures . . . its memories . . . its regrets and disappointments . . . its contributions and achievements . . . its school spirit . . . and its individuality . . . all of which will some day be missed so much.

First is the framework of the story, our teachers. They are the basis from which we learn and build our lives year by year. Ready to help us whenever we need them, they are behind us in all that we do.

Second, are the elements of the story . . . our happy times, memories, activities of the year, clubs, and sports.

The crispy fall evening of Homecoming, the snowflakes and mistletoe of the Christmas formal, Marrin' Sam at "Sadie Hawkins," the girls' invitations to the "Turn-About-Trot" and "Gold Diggers' Dance," and the swishy formals with summer moonlight at the prom, will be remembered by all.

The action of our story is the activities . . . clubs, plays, concerts, and parties.

The conflict of the story presents our sports . . . football . . . basketball . . . track . . . G.A.A. . . . all of which were not only backed by our over-whelming school spirit, but played with real teamwork in which each man put forth his very best in each sport.

Last is the development of the story. We see the classes in action. The students grow year by year from the beginning as bewildered freshmen until they reach the end of their journey as . . . seniors! This, however, is not the end of our story. It is only the beginning, as the seniors step out into the waiting world which holds in store for them, college, jobs, and marriage.

G. Warren Phillips

Superintendent

A great deal of recognition is due Mr. G. Warren Phillips for the smooth running school system of Valparaiso. For the past eight years, Mr. Phillips has done an exceptionally fine job in attending to the numerous responsibilities of his high position.

In addition to his regular duties, Mr. Phillips is now faced with the problems of the ever expanding school population of Valparaiso. We are confident that Mr. Phillips will carry out this big responsibility with the same foresight and superior ability that he has exercised in the past.

Mr. Phillips received his A.B. from DePauw University and his M.S. from Indiana University.

King Telle

Principal

No school could be more fortunate than in Valparaiso High School when it comes to principals. Beloved and respected by all, Mr. Telle has displayed a rare combination of humor and discipline in his associations with the student body. In spite of the big load that rests on his shoulders, he has a warm and friendly smile for everyone.

In the six years that Mr. Telle has been at this school, he has had a keen interest in school activities, both scholastic and social. He has been accepted by the students as a true friend, always ready to help and co-operate whenever he is needed, which is quite often.

Mr. Telle received his A.B. from Hanover College and his M.S. from Indiana University.

Grace Rickard

Marlene Wolfe

Secretaries

Recently in Mr. Telle's office many students were surprised to find their class secretary, Marlene Wolfe, behind the desk formerly occupied by Marilyn Lembke. The student body is justly proud of the efficient and polite manner which Marlene has so ably adjusted to in this important position.

Grace Rickard, a pleasant and fair student in Valparaiso High School, has filled the position as secretary to Mr. Phillips for many years, always cheerful and courteous as she goes about her many duties.

Board of Education

Behind the scenes in this city's line school system, three prominent Valparaiso businessmen are working diligently to assure the best educational opportunities to all students at the present time and in the future. These men, Orval R. Burns, president; Lynnet M. Casbon, secretary; and Walter H. Hathaway, treasurer; have served on the Board of Education for several years.

The job of these men carries a great deal of responsibility and requires them to make important decisions. Their efficient handling of the many problems facing an ever-growing school city, proves that this job has been placed on very capable shoulders.

The Faculty

More than a chapter in our 'Story' fittingly the co-authors who have made this story so successful are the faculty members of our school. With seemingly endless patience and always a helping hand, they have shown many a misguided student a new turn on the road to maturity, not becoming discouraged when their task seemed futile. It is they who can proudly take the credit they have earned when, each year, another senior class graduates, having gained knowledge and confidence to take places in the adult world.

ACTION OF THE STORY

"To be of help and service at all times is the slogan of the Y-Teen Organization at Valpo. The girls participating in the activities of the club have proved to be of service both around the school and in public life. Some of these services include such activities as helping pass out the food and doing the dishes at noon for the hot lunch program, sending a basket of food to a needy family at Thanksgiving or Christmas, and mailing T B seals for two weeks each December.

The whole program is not made up of services however. At each meeting, which is held on the second and fourth Monday of each month at three o'clock, some form of entertainment is usually provided. This entertainment consists of such things of interest as a home decorator or a florist showing how to make corsages

The activity that is enjoyed most by the members is the custom of going to a church service as a group. This gives the girls a chance to witness the religions of new churches as well as appear in a group

STUDENT COUNCIL

The Student Council is the representative body of the student body. At the beginning of each year, the students elect their representatives to the Student Council. The council is responsible for the welfare of the student body and for the improvement of the school. The council meets regularly and discusses the various problems of the school. The council also organizes various activities for the student body. The council is a very important part of the school and each student should be a representative of the student body.

Students meet every night after school to discuss the various problems and ideas presented to the Student Council.

The Student Council is a very important part of the school and each student should be a representative of the student body. The council meets every year as long as the students are high school and it is a very important part of the school.

HI-Y

The Hi-Y is a boy's organization which can be compared to the Y-Teens for girls. It is a Christian organization with a devotional part in every meeting and the custom of having a minister for a guest speaker once a semester. This club meets regularly once a month, but it also has special called meetings.

A boy who wishes to become a member of the Hi-Y so expresses his desire, and when he has taken the Hi-Y pledge, he becomes a member officially. The officers for the coming year are always elected at the end of the preceding year.

The club for the most part is very active. These activities include the formal installation of officers and induction of new members, a father and son banquet, the sponsoring of a dance which was called the "Stag Drag" this year, attending a church as a group, and having a swimming party. During the summer, the club also sends two of its members to the national conference in Cleveland.

SCIENCE CLUB

Any students taking chemistry or physics who have an added interest in the subjects may become members of the Science Club. The club is headed this year by a new science instructor, Mr. Doeden.

The purpose of this organization is to further the knowledge of these students as far as science is concerned. Many of the new scientific inventions, theories, and devices are discussed at the meetings by various professors from the Valparaiso University or the Valparaiso Technical Institute. Field trips are also taken to such establishments as the Indiana Steel Company and the Miller Laboratory. The biggest field trip of all is a day spent at the Museum of Science and Industry on the Monday of our spring vacation following Easter. This has proved to be an interesting as well as an educational organization.

DRAMATICS CLUB

Along with taking care of their regular studies in high school, some students have a desire to enter into dramatics. This desire can be satisfied by joining the Dramatics Club.

The activities of this club include learning about the theater and make-up, as well as presenting plays to the student body. Each member is given a role in one or more plays, and after it has been learned and rehearsed enough, which includes rehearsals in the evening and in the morning before school, the play is put on before the student body. These plays give the members of the club the experience of speaking and performing before a group as well as that of learning the tricks of the theater.

VIKING GRIDDETS WIN 5 — LOSE 4

Head coach Fred Brock, direct from the Purdue University backfield, turned in a splendid coaching assignment by bringing the small, but game, Vikings through a winning season. Coach Brock took over Coach Paul Miller's duties after he was recalled to military service at the end of the 1950 season.

The Vikings again ran their plays from variations of the T-formation. The 1951 griddeets were small in comparison to other Green-and-White teams, but experience, speed, and determination to win made up for what was lacking in size.

VIKING THINLIES UNDEFEATED

For the second consecutive year the Valparaiso High School Track Squad, under the capable direction of Coach Ken Piter, was undefeated in dual and triangular competition. The Vikings came out on top in seven regularly scheduled meets, and were proclaimed winners of the Annual LaPorte Relays held at the Maple City track on May 15. Bad weather forced the postponement of some meets and resulted in the cancellation of a few others.

COMPLETE SUCCESSFUL SEASON

The Vikings started off the season on the right foot by copping 4th place at the Conference Indoor meet held at the Chicago University fieldhouse on March 31. During the course of the season the Pilermen placed fifth in the pre-conference meet and sixth in the Conference finals held at East Chicago. Valpo qualified thirteen boys for the Regional meet by virtue of their efforts in the Sectional. Bob Bailey won blue ribbons in both the 440 yard run and the half mile at the Sectional. In the Regional the Vikes placed seventh out of twenty-two teams. Bob Bailey, Bob Eaglesbach, and Med Walsh scored points in the Regionals and thus represented Valpo in the State Finals at Indianapolis. Bailey copped a 3rd in the 440 yard run, Eaglesbach placed 4th in the mile, and Walsh tied for fourth place in the pole vault. In the State Finals Valpo's only point was picked up by Senior Bob Bailey who placed fifth in the quarter-mile.

Four records were broken during the 1951 season. Bob Bailey set a new half mile time, 2:04. Jim McGarvey clipped three-tenths of a second off the old low hurdle mark of 24.3 which had stood for eight years; Bob Eaglesbach ran the mile in 4:41.1; and Ronnie Lines went over the bar at 11 feet 1 1/2 inches to set a new pole vault mark.

SENIOR CLASS OF 1952

The Senior Class of 1952 was a group of students who had completed their four years of high school. They were a mix of students from different backgrounds and interests, but they all shared a common goal of preparing for the future.

During their senior year, the students participated in various activities, including sports, clubs, and community service. They also worked on their senior projects, which were a culmination of their four years of study.

At the end of the year, the students gathered for a senior banquet. It was a special occasion where they were recognized for their achievements and given a chance to celebrate with their friends and family.

Falling Action of the Story

The following photographs are from the VHS tape of the film "The Great Escape" and show the falling action of the story.

CLASS PROPHECY

The engines started, everyone fastened their belts and opened their mouths to keep their ears from popping, and the space ship piloted by Charles Oyler and Clifford Magnor, with stewardesses Mary Johnson and Charlotte Meyer, took off from Earth for an interplanetary tour in the year 2052.

The first stop was Marsville, which was an emergency because Joan Casey had a severe toothache which was administered to by a Marsville dentist, Richard Bundy and his assistant, Maxine Bartz. David Dowd, Florian Latek, Robert Zell, Bob Gingerich, and Robert Doud went next door from the dentist's office to the barber shop. They were surprised to find Lee Roy Anderson as its owner and Bob Kerr, Tom Book, and Joe Krueger as his helpers. With the toothache and haircuts attended to, we decided to give the city a once-over. Discovering that we were hungry, we stopped at a drive-inn owned by Wayne Rice and Beverly Wilson for planetburgers and atomic malts. We were waited on by Bettinae Wilson, Audrey Martens, and Mary Lou Wells.

Noticing a billboard advertising a wrestling match, we decided to attend and found the wrestlers to be "Gypsy Jo" Muster and Mary "Mighty Atlas" Swenson.

Once again we boarded the space ship this time for Luna City on the Moon. On the way, we nearly collided with tiny space car driven by Charlie Trenkle. We noticed his passengers were Dick Reed, Jim Wareham, Don Greaves, Wally Pullins, and Dick Schau. Rita Dalke, Marilyn Shurt, Sharon Flick, JoAnn Bartz, Pat Shannon, and Marge Gill became ill with space fever, so we stopped at Saturntown where "Doc" Joe Bigelow treated them. Also living in Saturntown were Dale "Lefty Frizzel" Shatz, a ranch-owner, his wife, formerly Nancy Shufflebotham, and his cowhands, foreman George Phillips, Ed Schroeder, Don Brown, Bob Miller, Don Black, and Earl Blackney. We decided that there was ample time to attend the circus, and saw its performers were Charles Brown, ringmaster, "Dot" Ehrhardt, Margaret Johnson, Mary Cargo and Ada Sztankay, Aerialists: Dale Ellis, Jim Loot, Ed Visnow, Jim Bozik, and Don Wirth, clowns, trick riders Ruthann Stewart, contortionist, Jack Ohlfest, and tightrope walker, Marlene Yelton.

At last we arrived at Luna City. We found the citizens, the "Lunatics," to be very friendly people, especially since we knew many of them. The first night we attended the opera, "Romiette and Julio," with Joanne Muster the prima donna, and Ronnie Eckert, her leading man. We also saw the stage show, "Mac and Beth" with its stars, David Platts and Ruth

Lansing.

We toured the Luna Gazette of which Marjorie Murphy was the editor, Gene Smith, the printer, and Dave Miller and Bob McCarron, copyboys. We walked past the Law firm of Ryan, Douglas, and Inman. We learned that Nanette Kuehl had won the mayoralty of the city over Charles Kraft, and were also privileged to witness the great Spaceball championship won by Lester Pollock, Dave Klemz, Gene Stupp, Gene West and Charles Dowd, under Med "Ears" Walsh's coaching.

On our way to a bathing beauty contest, traffic was held up by a bevy of females, Sue Black, Mary Lou Gibbs, Wilma Green, Ruth Horner, Mary Jean Keehn, and Helen Mathias, who were chasing the dashing movie star, Michael Woelfel. He ducked into the stage door and collapsed in the arms of Carolyn Scholl, an actress. The contest judges, John Gilbert, Don Wichman, Dale Homan, and Jim Cavanaugh had difficulty in selecting a winner from Jan Knarr, Jean Wright, Jackie Allison, Betty Daniel, Carol Ingman, Laurel Ashbaugh, Wilma Ludington, and many others.

While strolling through beautiful Luna Park, we stopped to chat with Mrs. Evie (Maudlin) Stoner and Charlotte (Orange) Ransom who were giving their children an airing. They informed us that the scientists Jim Polo and Marie Uban had concocted "Uraniumares," a BANG-up breakfast treat. Shirley Athens and Carla Kelso were operating a hospital for the broken-hearted, Marlene Wolfe had worked her way up from office secretary to the position of principal of LHS, Marilyn Swift owned a meat-packing agency, Bob Johnson was manufacturing baby powder, Janet Parry finally got her wish, which was to own grocery chain stores on every planet; Bob Eigelsbach had become a universally known track champion, and Asaneth Moneypenny, was directing the Jupiter Orchestra.

Wondering about the rest of our former classmates, we learned that Barbara Wilson had been arrested by Sheriff John Hurley for singing too loud and waking up all the planetary inhabitants, that Sharon Sexton, Betty Reynolds, Nita Trulock, Martha Irons, and Helen Hall were kept busy in the drive-in run by Mel Tilton.

We arrived home thoroughly thrilled at having a trip such as this and seeing our friends once again, but a sudden thought came to mind that we were the only ones from the Class of '52 who still lived on "Terra Firma."

To my friend without any shortland (Florian)
We had a lot of fun in Civics, &
economize. Mrs. Williamson's jokes may
not have been much, but they were
earny. Good luck.
